# Sponsorship Opportunities

## About India Literacy Project

India Literacy Project (ILP) is a non-profit 100% volunteer based organization dedicated to the cause of literacy in India that strives to educate disadvantaged children in remote parts of India. Our philosophy is to work with people of all age-groups and to empower the local communities.

## Introduction to the Youth Group and Talent Show Contest 2019

ILP was founded in 1990 in the USA and has since supported many thousands of underprivileged women and children in 16 states in India. The ILP Youth Group in the bay area was established in 2012 and consists of many high school students who dedicate time and effort to spreading awareness about literacy in India. The main goal of the ILP Youth Group is to encourage middle school, high school, and college students in the area to become aware of literacy and education issues in India.

This year the Youth Group is organizing its 3<sup>rd</sup> ILP Youth Talent Show Contest 2019 to raise funds for providing science kits and libraries for the schools as part of [ILP's Multi Dimensional Learning System](#). The youth group is targeting to have about 150 participants in the event and to spread awareness to many more people during their outreach campaign. The group hopes to continue raising funds through other events in the coming years.

## The Project

The ILP Youth group is aiming to raise funds for providing **Science Kits and libraries for the schools in the Tumkur district of Karnataka**. This initiative will support ILP's Multi-Dimensional Learning Space initiative that strives to enable excellent Quality of Education for the children. For more information see: <http://www.ilpnet.org/Projects/412>

## Help Us Make a Difference

This talent show contest provides you a unique opportunity to support our cause. Please see the various sponsorship opportunities we are offering.
